CAROLINGIAN AND ROMANESQUE ARCHITECTURE 800-1200 by ... To Carolingian men, ancient Rome meant Rome of the Christian era, and it was this aspect alone that they sought to revive in their art and architecture that was built predominately in the lands of France and Germany. This was the beginning of the first great Renaissance in Christendom.

Toward the First Great Renaissance Carolingian and ... Romanesque architecture was the first distinctive style to spread across Europe since the Roman Empire. With the decline of Rome, Roman building methods survived to an extent in Western Europe, where successive Merovingian, Carolingian and Ottonian architects continued to build large stone buildings such as monastery churches and palaces. In the more northern countries, Roman building styles and techniques had never been adopted except for official buildings, while in Scandinavia they were ...
